

PEN OF THE NARRATOR

Magic item
Legendary

A luxurious fountain pen with magical ink.

As an action, you can use one level 2 spell slot to make the ink in the Pen of the Narrator float around the nib and extend it to a spear for 10 minutes, that inflicts **1d6 + Your Spellcasting Modifier** piercing damage on hit. The damage caused by Pen of the Narrator is considered **magical**.

The targeted creature has to succeed a **Wisdom Saving Throw** against **10 + Your Spellcasting Modifier** or take additional **1d4 psychic damage**.

This pen is as old as history itself. It went through the hands of many powerful beings, some without knowing its true strength. The origins are unknown, but it's said that it comes from outside our realms of perception.

The pen is mightier than the sword
